FEDERATION TO MEET TODAY

Considered Tests Between the Employing and Employed With Wide Effects.

PHILADELPHIA, March S,-The ity authorities emphatically deny that there are more than 20,000 persons coneerned in the sympathetic strikes now n progress in this city and state that the reports to the effect that over 100,men figured in the rioting and disturb. mees were gross exaggerations.

The situation is growing graver and here is no present hope of any settlement. It is rumored that an earnest strempt will be made by the strike leadrs to make the sympathetic strike, already the worst since that of the Chicago teamsters, a State-wine proposition and should this be effected it is very possible that the entire north-
